Regarding:

1. GAT Global Asset Trust
2. Zebtec PTY Ltd.
3. Zebtec UG (haftungsbeschraenkt) Proprietary Limited

In 2019 the accident in February, the prohibited EU5-Diesel on the German Amarak and criminal act on missing radiation protection examinations, have caused difficult situations.

Solutions:

The following solutions are intended to alleviate the situation that has arisen from this and continue to enable it. **Please be so kind to check if possible.**

1. **Zebtec PTY Ltd. should be set on standby from the 01.01.2020 on, until further notice.**
2. Zebtec PTY Ltd. is not bankrupted and furnished with private loans during 2019.
3. GAT Global Asset Trust should take all assets of Zebtec PTY Ltd. over as a new owner, by limiting the private loan only, in the books of Zebtec PTY Ltd. .
4. **We currently have no annual reports from 2018 to figure assets out. Please provide and assist.**
5. The “**Zt-company-Logo**” should be the asset of the trust as well. I might later write an agreement about this between the Trust and business.
6. GAT Global Asset Trust should take all shares over regarding
 - a) **Zebtec PTY Ltd.**
 - b) **Zebtec UG (haftungsbeschraenkt) Proprietary Limited**
7. **Zebtec UG (haftungsbeschraenkt) Proprietary Limited** is from 01.01.2020 on the new active company with Headquarter as usual and a German Representation as well.
8. **Regarding all Investec Banking Status, there is a blocking not accepted. We could discuss about this.**
